

DC 11.1V 4400mAh/49Wh
Replacement BTY-511
1. 避免電池過度放電或過度充電。請勿將電池存放於高溫或低溫環境。
2. 禁止將電池投入火中或浸入水中。
3. 當電池完全放電後，請勿繼續使用。

CAUTION
Do not dispose of in the fire. Keep the battery away from fire.
Do not attempt to repair, disassemble, or modify the battery.
Do not attempt to use the battery if it is damaged or swollen.
Do not attempt to use the battery if it is leaking or emitting a strong odor.
Do not attempt to use the battery if it is exposed to water or moisture.
Do not attempt to use the battery if it is exposed to high temperatures or direct sunlight.
Do not attempt to use the battery if it is exposed to strong magnetic fields.
Do not attempt to use the battery if it is exposed to strong electric fields.
Do not attempt to use the battery if it is exposed to strong vibrations or shocks.
Do not attempt to use the battery if it is exposed to strong electromagnetic interference.
Do not attempt to use the battery if it is exposed to strong radio frequency interference.
Do not attempt to use the battery if it is exposed to strong static electricity.
Do not attempt to use the battery if it is exposed to strong lightning strikes.
Do not attempt to use the battery if it is exposed to strong thunderstorms.
Do not attempt to use the battery if it is exposed to strong hurricanes or typhoons.
Do not attempt to use the battery if it is exposed to strong earthquakes or tsunamis.
Do not attempt to use the battery if it is exposed to strong volcanic eruptions or nuclear accidents.
Do not attempt to use the battery if it is exposed to strong biological hazards or chemical spills.
Do not attempt to use the battery if it is exposed to strong radioactive materials or nuclear waste.
Do not attempt to use the battery if it is exposed to strong biological or chemical weapons.
Do not attempt to use the battery if it is exposed to strong nuclear weapons or biological weapons.
Do not attempt to use the battery if it is exposed to strong chemical weapons or biological weapons.
Do not attempt to use the battery if it is exposed to strong nuclear weapons or biological weapons.
