

Rechargeable Li-ion Battery TYPE KM973 1735
Rating: 11.1V Capacity: 4400mAh

CAUTION
Do not short-circuit the battery terminals.
Do not disassemble, crush, pierce, or expose the battery to fire.
Do not use the battery if it is damaged or swollen.
Do not use the battery if it is leaking or emitting a strong odor.
Do not use the battery if it is not fully charged.
Do not use the battery if it is not the original manufacturer's product.
Do not use the battery if it is not the original manufacturer's model.
Do not use the battery if it is not the original manufacturer's type.
Do not use the battery if it is not the original manufacturer's capacity.
Do not use the battery if it is not the original manufacturer's voltage.
Do not use the battery if it is not the original manufacturer's current.
Do not use the battery if it is not the original manufacturer's power.
Do not use the battery if it is not the original manufacturer's energy.
Do not use the battery if it is not the original manufacturer's efficiency.
Do not use the battery if it is not the original manufacturer's performance.
Do not use the battery if it is not the original manufacturer's quality.
Do not use the battery if it is not the original manufacturer's reliability.
Do not use the battery if it is not the original manufacturer's durability.
Do not use the battery if it is not the original manufacturer's safety.
Do not use the battery if it is not the original manufacturer's security.
Do not use the battery if it is not the original manufacturer's privacy.
Do not use the battery if it is not the original manufacturer's integrity.
Do not use the battery if it is not the original manufacturer's confidentiality.
Do not use the battery if it is not the original manufacturer's non-disclosure.
Do not use the battery if it is not the original manufacturer's intellectual property.
Do not use the battery if it is not the original manufacturer's trademark.
Do not use the battery if it is not the original manufacturer's registered trademark.
Do not use the battery if it is not the original manufacturer's service mark.
Do not use the battery if it is not the original manufacturer's certification mark.
Do not use the battery if it is not the original manufacturer's conformity mark.
Do not use the battery if it is not the original manufacturer's CE mark.
Do not use the battery if it is not the original manufacturer's RoHS mark.
Do not use the battery if it is not the original manufacturer's REACH mark.
Do not use the battery if it is not the original manufacturer's WEEE mark.
Do not use the battery if it is not the original manufacturer's recycling mark.
Do not use the battery if it is not the original manufacturer's environmental mark.
Do not use the battery if it is not the original manufacturer's green mark.
Do not use the battery if it is not the original manufacturer's eco mark.
Do not use the battery if it is not the original manufacturer's sustainable mark.
Do not use the battery if it is not the original manufacturer's ethical mark.
Do not use the battery if it is not the original manufacturer's social mark.
Do not use the battery if it is not the original manufacturer's human rights mark.
Do not use the battery if it is not the original manufacturer's labor mark.
Do not use the battery if it is not the original manufacturer's fair trade mark.
Do not use the battery if it is not the original manufacturer's fair labor mark.
Do not use the battery if it is not the original manufacturer's fair wage mark.
Do not use the battery if it is not the original manufacturer's fair work mark.
Do not use the battery if it is not the original manufacturer's fair play mark.
Do not use the battery if it is not the original manufacturer's fair game mark.
Do not use the battery if it is not the original manufacturer's fair sport mark.
Do not use the battery if it is not the original manufacturer's fair play mark.
Do not use the battery if it is not the original manufacturer's fair game mark.
Do not use the battery if it is not the original manufacturer's fair sport mark.
