

DC 11.1V 4400mAh/49Wh
Replacement BTY-511
1. 避免電池過度放電或過度充電。請勿將電池存放於高溫或低溫環境。
2. 禁止將電池投入火中或浸入水中。
3. 當電池完全放電後，請勿繼續使用。

CAUTION
Do not dispose of in the fire. Keep the battery away from
flames. Do not use the battery if it is damaged, swollen, or
leaking. Do not use the battery if it is exposed to water.
Do not use the battery if it is exposed to fire. Do not use the
battery if it is exposed to high temperatures. Do not use the
battery if it is exposed to low temperatures. Do not use the
battery if it is exposed to mechanical shock. Do not use the
battery if it is exposed to vibration. Do not use the battery
if it is exposed to electromagnetic interference. Do not use
the battery if it is exposed to static electricity. Do not use
the battery if it is exposed to magnetic fields. Do not use
the battery if it is exposed to radio frequency fields. Do not
use the battery if it is exposed to any other electromagnetic
interference. Do not use the battery if it is exposed to any
other external fields. Do not use the battery if it is exposed
to any other external influences. Do not use the battery if
it is exposed to any other external factors. Do not use the
battery if it is exposed to any other external conditions.
Do not use the battery if it is exposed to any other external
environmental factors. Do not use the battery if it is exposed
to any other external environmental conditions. Do not use
the battery if it is exposed to any other external
environmental influences. Do not use the battery if it is
exposed to any other external environmental factors. Do not
use the battery if it is exposed to any other external
environmental conditions. Do not use the battery if it is
exposed to any other external environmental influences.
