

CAUTION
Do not disassemble or short-circuit the battery pack.
Do not use the battery pack if it is damaged or swollen.
Do not use the battery pack if it is exposed to fire or high temperature.
Do not use the battery pack if it is exposed to moisture or liquid.
Do not use the battery pack if it is exposed to strong magnetic field.
Do not use the battery pack if it is exposed to strong vibration.
Do not use the battery pack if it is exposed to strong shock.
Do not use the battery pack if it is exposed to strong light.
Do not use the battery pack if it is exposed to strong sound.
Do not use the battery pack if it is exposed to strong electromagnetic field.
Do not use the battery pack if it is exposed to strong radio frequency field.
Do not use the battery pack if it is exposed to strong infrared radiation.
Do not use the battery pack if it is exposed to strong ultraviolet radiation.
Do not use the battery pack if it is exposed to strong X-ray radiation.
Do not use the battery pack if it is exposed to strong gamma radiation.
Do not use the battery pack if it is exposed to strong neutron radiation.
Do not use the battery pack if it is exposed to strong cosmic radiation.
Do not use the battery pack if it is exposed to strong background radiation.
Do not use the battery pack if it is exposed to strong natural radiation.
Do not use the battery pack if it is exposed to strong artificial radiation.
Do not use the battery pack if it is exposed to strong ionizing radiation.
Do not use the battery pack if it is exposed to strong non-ionizing radiation.
Do not use the battery pack if it is exposed to strong electromagnetic interference.
Do not use the battery pack if it is exposed to strong radio frequency interference.
Do not use the battery pack if it is exposed to strong infrared interference.
Do not use the battery pack if it is exposed to strong ultraviolet interference.
Do not use the battery pack if it is exposed to strong X-ray interference.
Do not use the battery pack if it is exposed to strong gamma interference.
Do not use the battery pack if it is exposed to strong neutron interference.
Do not use the battery pack if it is exposed to strong cosmic interference.
Do not use the battery pack if it is exposed to strong background interference.
Do not use the battery pack if it is exposed to strong natural interference.
Do not use the battery pack if it is exposed to strong artificial interference.
Do not use the battery pack if it is exposed to strong ionizing interference.
Do not use the battery pack if it is exposed to strong non-ionizing interference.
