RECHARGEABLE BATTERY  
CAUTION  
Do not use the battery for other than the intended purpose.  
Do not use the battery if it is damaged, swollen, or leaking.  
Do not use the battery if it is exposed to fire or high temperatures.  
Do not use the battery if it is exposed to moisture or liquids.  
Do not use the battery if it is exposed to strong magnetic fields.  
Do not use the battery if it is exposed to strong electromagnetic interference.  
Do not use the battery if it is exposed to strong radio frequency interference.  
Do not use the battery if it is exposed to strong static electricity.  
Do not use the battery if it is exposed to strong vibration or shock.  
Do not use the battery if it is exposed to strong pressure or impact.  
Do not use the battery if it is exposed to strong heat or cold.  
Do not use the battery if it is exposed to strong humidity or dryness.  
Do not use the battery if it is exposed to strong dust or dirt.  
Do not use the battery if it is exposed to strong smoke or fumes.  
Do not use the battery if it is exposed to strong odors.  
Do not use the battery if it is exposed to strong noise or sound.  
Do not use the battery if it is exposed to strong light or radiation.  
Do not use the battery if it is exposed to strong magnetic fields or electromagnetic interference.  
Do not use the battery if it is exposed to strong radio frequency interference or static electricity.  
Do not use the battery if it is exposed to strong vibration or shock, pressure or impact, heat or cold, humidity or dryness, dust or dirt, smoke or fumes, odors, noise or sound, light or radiation, magnetic fields or electromagnetic interference, radio frequency interference, or static electricity.
