PACKAGING

The image displays four different types of packaging materials used for cushioning and protection of goods during shipping. Each material is shown in a separate photograph, with a QR code provided for more information.

- Top Left:** Blue bubble wrap, showing multiple layers of the material.
- Top Right:** White bubble wrap, showing multiple layers of the material.
- Bottom Left:** Red bubble wrap, showing multiple layers of the material.
- Bottom Right:** Red packing peanuts, showing multiple layers of the material.
